# ELBURG YACHTING®

## international yachtbrokers

Very high quality round bilge built quality yacht by Jachtwerf Stentor. This Stentor Survey 17.00 is seaworthy by design (CE-A) due, among other things, to its round bilge hull, Vetus fin stabilisers and very solid building structure combined with plenty of comfort on board to enable long stays. This yacht has proven herself several times at sea with wonderful trips in and around Europe. Put together with great care, the yacht has a spacious and luxuriously designed interior with Teak panelling combined with the light upholstery. All around, the yacht has a beautiful teak deck combined with robust stainless steel trim. The mast can be lowered hydraulically, increasing the vertical clearance to appr. 3.50 metres and making it possible to sail the French canals.

Technically, this yacht is equipped with a conventional Vetus Deutz DTA67 main engine, which has a 'Commercial Rating', enabling optimal travelling distance. For on-board safety, this Stentor is equipped with a home runner which operates via the Northern Lights 16Kw generator. Furthermore, this yacht comes with a 130 LPH water maker, air conditioning throughout the entire yacht, central vacuum system, solar panel installation. The yacht is equipped with technology that allows remote connection. This makes it possible to remotely view the 4 cameras on board with which, the battery status can be remotely monitored as well as the Kabola central heating system, the generator and the tank levels. Also, this yacht is equipped with a rope cutter, Finsulate, diesel polisher, Miele washer and dryer, cape stand fore and aft, alarm system and Opacmare passarelle. Recently fitted with new Raymarine navigation equipment and the yacht has been demonstrably well maintained.

For questions and/or to make an appointment, you are welcome 7 days a week at Elburg Yachting.
