## international yachtbrokers

This motor yacht was designed by Vripack and built by the renowned shipyard Het Oude Maasje in Waspik (NL). This robust steel round bilge motor yacht with hydraulic fin stabilizers, elegant flared bow, high bulwark and partly covered side and aft deck is unique in its class. The yacht has two spacious 2-person cabins with shower and toilet en-suite. The saloon is spacious with two movable chairs which are electrically adjustable. The space in the saloon offers the possibility to place a fixed bench by a yacht wood worker in the future. There is good all-round visibility from the steering position and the ship can also be easily operated with a wired control unit with the functionalities rudder/engine and bow-stern thruster. This remote control can be placed on the armrest of the helmsman's seat or on two sides of the aft deck and even on the foredeck. The saloon and the aft deck can be fully connected by the foldable stainless steel doors. A complete tent around the aft deck (removable) provides a comfortable atmosphere. The aft deck can be closed off from the sidedeck with two side doors. Via the aft deck there is also access to a storage space in the aft ship and also a second passage to the engine room, which can also be reached from the inside. A nice addition to the technology on board are the two hydraulic spud poles, which make finding a mooring spot in shallow water child's play and offer almost complete (habitable) autonomy on the water. This Vripack 1700 is equipped with: Full tent around the aft deck with zip-out viewing windows, 4 x stainless steel foldable doors to saloon, outdoor lighting on the aft deck / gangways and stairs to the bathing platform, 3 x TV on lift in saloon + 1 x TV in owner's cabin, Boose audio, partly electrically operated blinds for saloon windows, luxury adjustable pilot seat, dinette table electrically adjustable in height, Miele dishwasher, corian tops in kitchen and bathroom, many 220V wall sockets, extra storage space under kitchen floor, LED lighting throughout the ship, AEG washer-dryer, 2 x access to engine room, central vacuum system, tanks with manholes, extensive hydraulic system for bow and stern thruster / stabilizers / anchor winch / mast lowering system / steering, the hydraulic system is equipped with an additional 24V hydro pump to use the single hydraulic functions without the engine running, double fuel filters + micro separator, double engine water intake, engine room with good accessibility to the technique, 2 x access in railing (SB + PS), air compressor, 2 x hydraulic spud poles, camera system, removable sunshades around saloon windows, oval stainless steel railing all around, removable lightweight gangway, 9 x zonnepaneel op salondak, hydraulically foldable radar mast. Clearance with folded radar bracket is approx. 3.50m.

For questions and/or to make an appointment, you are welcome 7 days a week at Elburg Yachting.
