ELBURG YACHTING®

international yachtbrokers

This stunning Argos Line 13.50 - OK - Elite is characterised by her large living space on board due to a single-level saloon, open cockpit and swimming platform. It can be closed over the entire cockpit so that with less weather, combined with the Eberspächer hot air heater, it is comfortable to sit outside. From the cockpit, you walk through the two sliding doors fitted with mosquito nets into the spacious saloon, which is fitted with double glazing, a sliding window on the port side and a window at the front that folds open. In combination with the Kabola central heating system, it is pleasant to stay on board, even earlier and later in the sailing season.

The boat is equipped with a Sidepower remote control, making it easy to manoeuvre. From the saloon, stairs lead down to a spacious dinette on the port side, opposite the dinette is the galley. If you walk straight ahead you will find the owners' cabin equipped with a double french bed. Adjacent you will find a shower in own cabin and an electric toilet in own cabin. From the galley you will find the guest cabin equipped with a double bed.

Through the cockpit, you walk through a hinged door to the bathing platform, via two lazy, semi-circular staircases you walk up the gangways, which are fitted with a stainless steel railing, double stainless steel bollards and non-slip paint. On the foredeck is an electric folding mast, and the electric anchor winch. The roof is fitted with four solar panels via Victron MPPT 100/20. The yacht has a minimal height of appr. 2.40 m

For questions and/or to make an appointment, you are welcome 7 days a week at Elburg Yachting.
