This beautifully built Luxe Motor 1800, constructed by the renowned SRF shipyard in Harlingen, is being offered for sale by its first owner.

Great care has been taken in the construction of this vessel; it is fitted with a solar panel system, a 10 kVA powerful generator and central heating, and it has a large fuel capacity of approx. 4,600 litres and a water capacity of approx. 2,200 litres, making it possible to operate completely off-grid for extended periods throughout Europe; with a clearance height of approx. 3.45 metres and a draught of 1.05 metres, it is also capable of navigating the French canals. Inside this 18-metre-long and 4.65-metre-wide luxury motor vessel, the layout is very practical: there is plenty of headroom (over 2 metres), and the vessel features three double cabins, with the owner's cabin at the bow and two guest cabins amidships. The owners of the vessel have mainly sailed in the Netherlands, meaning the vessel has seen little to no salt water. Furthermore, great care has been taken with maintenance: the vessel was painted in 2024, the engines are serviced annually, and the yacht is equipped with an Anker spud pole in the bow. The vessel can be viewed by appointment at its current berth in Friesland. For enquiries and/or to make an appointment, you are welcome to contact Elburg Yachting 7 days a week.
